

Lincolnshire A.A. Track and Field League Match. Boston and District Athletic Club representatives made an impact at the first of this season's Lincolnshire Track and Field League matches held at the Tommy Clay Track at the PRSA Stadium on Sunday. Three field event performances were particularly impressive especially considering the prevailing cool blustery weather conditions.

In the Under 17 Mens age group Callam Grace took advantage of the following wind and recorded 6.22m to win the Long Jump competition. Given that the English Schools A.A. Championships entry qualifying standard for the event is 6.40m. Callum's achievement at this early stage of the 2017 season is very promising and gives him a realistic target for the first half of the year. In the 100m Hurdles race all the athletes found it difficult to maintain momentum running into a strong head wind and Callum lost his rhythm and recorded 19.1secs in second place. In the same age group Oliver Simmonds cleared 1.75m in first position in the High Jump. In the blustery conditions Oliver made a positive start to his 2017 season and will be hoping for less difficult conditions in future as he targets the ESAA Entry height of 1.92m. Oliver achieved a second victory in the 100m Hurdles race clocking 17.5secs with the time seriously affected by the strong headwind down the finishing straight. Under 15 thrower Amy Bunting made a big breakthrough in the Hammer competition adding over six metres to her personal best performance. Amy's best throw with the 3K. implement was measured at 29.66m and a marginal foul on the last of her four attempts saw the hammer land well over the thirty metre sector line. Amy should now have the Under 15 Girls ESAA Hammer Throw Entry standard of 36.00 metres in her sights given the good progress made recently. On Sunday Amy also won the Shot with a put of 6.28m and claimed second position in the Discus with a throw of 13.21m.
